## VALENTINO EYEWEAR

Introducing the latest special project for VALENTINO sunglasses, which re-introduces the classic V-logo in a contemporary note.

Three new acetate sunglasses reveal a mixed vintage charm with an avant-garde flavor.

The sunglasses' stems all feature the elegant pale gold V-logo with the brand name engraved.

The VAL 5749/s model with its seductive cat's-eye shape is available in a black, tortoiseshell or ivory frame with tinted lenses. The ivory model features a black matte V-logo.

The VAL 5750/s model is both rounded and oversized and available in a hazelnut-or grey-striped frame with tinted lenses.

The VAL 5747/s model presents an angular, modern design and is available in rouge-noir or black with tinted lenses.

All models will be available in VALENTINO boutiques and high-end eyewear stores from Autumn 2010.
